Pre-registered Visitor My page

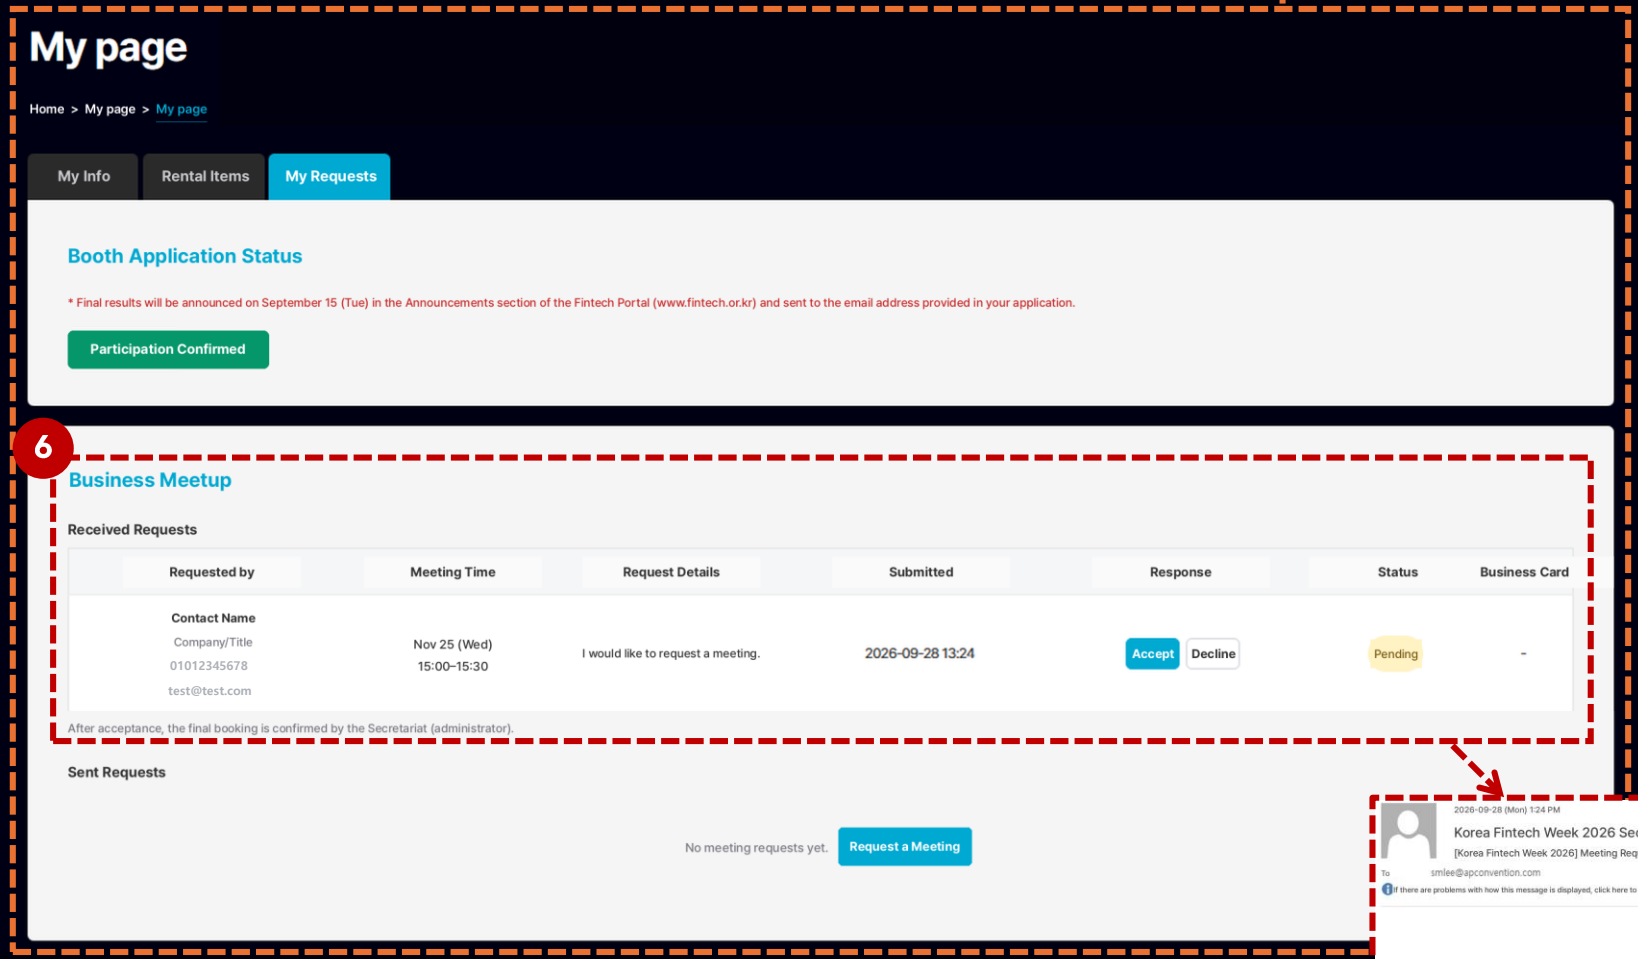

5. Once a request is received, the requested company can contact the requester directly and accept/decline the meeting.

   On My page, requesters can check the status of their requests and whether they have been read.

※ When a meeting is requested, the requested company is notified by SMS and email using the contact details registered at sign-up. If there are difficulties proceeding with the meeting because the company's contact person did not receive the notification, please contact the Secretariat at +82-2-424-5821.

※ Once the requested company accepts the meeting, the request is confirmed when the administrator assigns the final room number.

Exhibitor My page

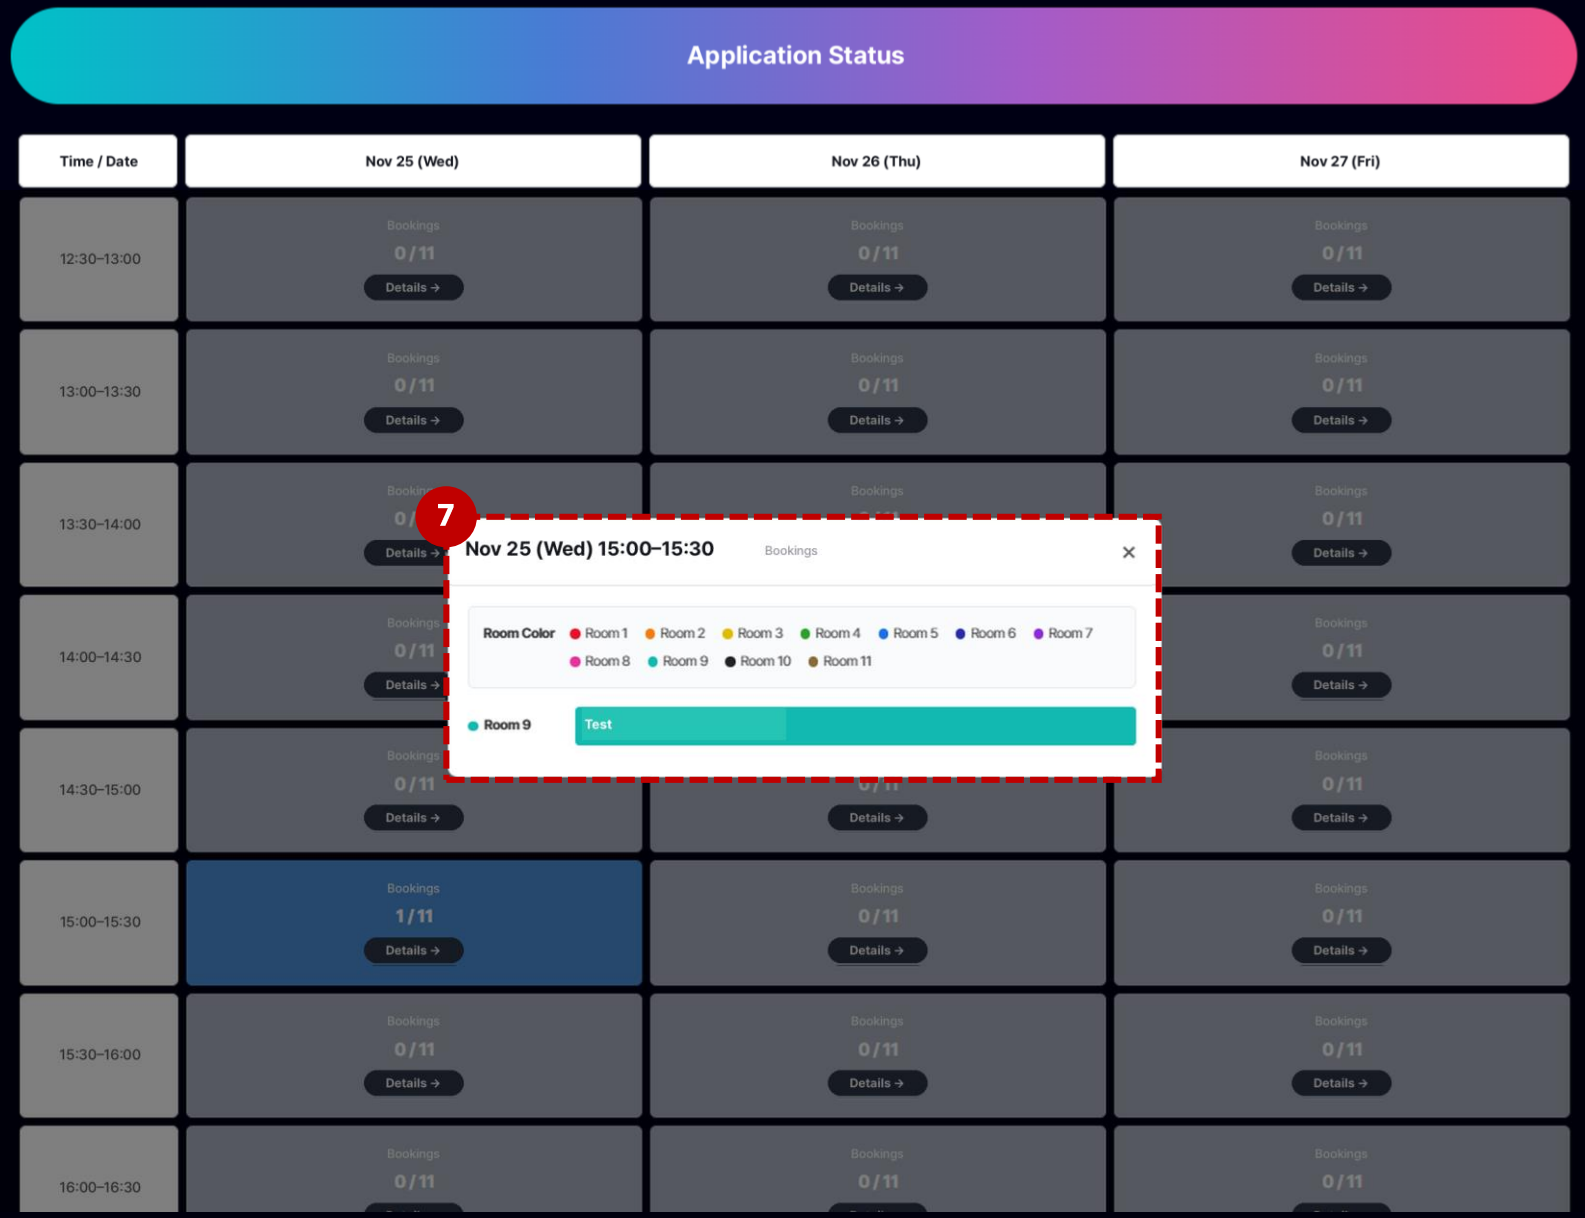

6. Exhibitors can also request business meetings from either My page or the Business Meetup menu.

   On My page, exhibitors can respond to the requests they have received and contact requesters directly using the attached business card details.

※ When a meeting is requested, the requested company is notified by SMS and email using the contact details registered at sign-up. If there are difficulties proceeding with the meeting because the company's contact person did not receive the notification, please contact the Secretariat at +82-2-424-5821.

※ Once the requested company accepts the meeting, the request is confirmed when the administrator assigns the final room number.

7. See the full schedule of confirmed meetings under Application Status on the Business Meetup tab.
